Are you paying out of pocket for a Radiology procedure?

Fauquier Health has partnered with Clear Health to offer personalized pricing to patients with an out-of-pocket responsibility.
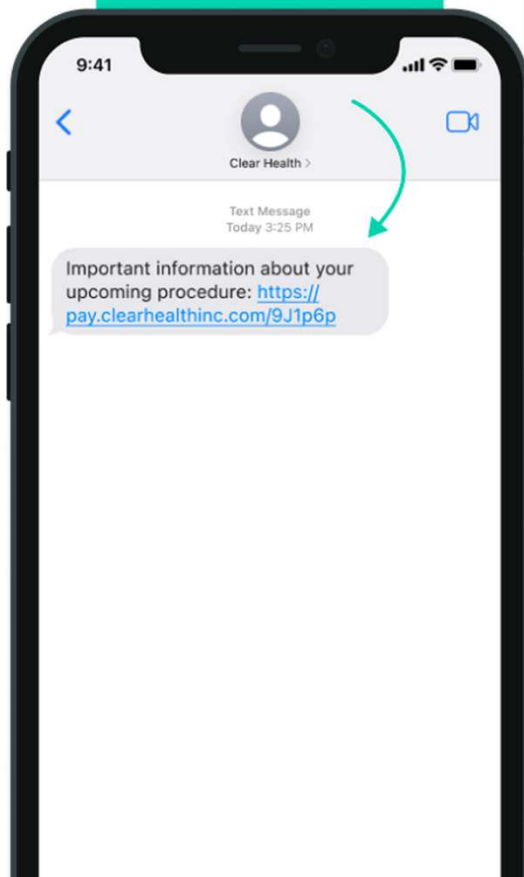

FAUQUIER HEALTH

One Clear **Packaged Price** offered to patients prior to care at a lower cost due to advance payment.

How it works:

If you are uninsured or out-of-pocket because you have not met your deductible, Clear Health will send you a text and/or an email with a discounted price for your procedure, that includes the read fee as well. If you pay with the Pay Now button, you will receive no further bills.

Dear Patient,

Your provider has requested a diagnostic imaging scan as a necessary part of your care. In reviewing your payment responsibility for this procedure, it has been determined that you will owe 100% of the costs out-of-pocket.

General Hospital would like to offer you a discounted, all-inclusive rate to pay for your procedure if you pay in advance of your care.
